PROJECT RESUME

St. Jude House Family Violence Prevention Center and Shelter

Use of Funding

Funding will be used for programming needs in the areas of prevention education and community outreach as well as to meet daily operations needs. All funds will be utilized for our programs and not for administrative costs.

Education

St. Jude House makes a significant impact in the community through its outreach activities, raising awareness of domestic violence and providing prevention education presentations. Our advocates work with K-12 schools and organizations serving youth, providing age-appropriate presentations on healthy relationships, bullying, and for high school students, teen dating and how to identify dating relationship red flags. Our efforts have reached thousands of K-12 children over the years.

Additionally, we provide presentations to businesses, social service organizations and government agencies and participate in community resource fairs to educate the community about domestic violence, its impact and the array of services available at St. Jude House. This outreach enables us to reach thousands of community members each year.

Daily Operations

With 40 beds, St. Jude House is largest domestic violence shelter in Lake County, Indiana. We provide nearly 10,000 nights of shelter annually and the need for daily operations funding is great. Funding will be used to help with costs for food, utilities, supplies and special client needs as they arise (e.g. food for clients on special diets, over-the-counter medications, emergency prescriptions, etc.).
